Tree Banding Service Agreement

This service includes:

1. Apply tree bands in the late summer (August/September)
 2. Apply fresh grease early the following spring
 3. Remove the tree bands in late spring (by July 1)
- Please band my trees annually for Cankerworms. I understand the current price will increase marginally over time with inflation and as the cost of materials increases.
 - I understand that this is an ongoing, year to year, service and I will provide cancellation notice before July 15 if I am moving or decide to discontinue the tree banding service.
